

The point system was created in order to increase brotherhood participation in rush events. This will hopefully in turn increase pledge class sizes as well as a sense of brotherhood within fraternity members.

Each brother will be responsible for meeting the minimum required points for the rush period in order to remain in good standing. You should still try to come to as many events as possible as we all want to see this chapter succeed.

In the points system, events highlighted in green are MANDATORY, and you must email 24-48 hours in advanced with a valid excuse as to why you cannot attend. You must still meet your point minimum if you are excused from one of the mandatory events.

Failure to meet the minimum points will result in a fine of \$1 per point below the minimum, and a requirement to make up your points by attending pledge class activities. Failure to attend one of the mandatory events must be made up by attending pledge class activities.

At the end of rush the brother with the most points will be rewarded with a \$15 Dunkin Donuts gift card, presented to them at the chapter meeting following rush week.

If a brother feels that they have special circumstances that make them unable to meet the attendance requirements as outlined by the points system they must present their case to the Executive Board. It is up to the members of the Executive Board to determine whether or not the circumstance is valid, and if it is found to be, what the new requirement for that brother will be. (You can present your case via email by emailing the President, EVP and Rush Chair)

For longer events (anything besides tabling and informationals) if a brother can only stay for part of the event, and it is a substantial amount of time as determined by the Eboard member keeping track of attendance, the brother will receive full points. For tabling and informationals, brothers must stay the full hour unless you have a class directly preceding or following the time of the event in order to receive full points. Brothers will receive partial credit for attending events for less than the times outlined here.

Before Rush begins, a mandatory poll will be sent out in which each brother will detail what events they plan on attending in order to meet the points minimum.

Extra Points:

The following actions / participations will be worth extra points:

- Bringing 3+ individuals to informationals - worth 2 points per person starting with the 3rd (potential new pledges will be asked if any brother in particular was the reason they came to the informational)
- Wearing letters around campus for a day - worth 1 point per day, max 5 points (send a photo to EVP, Secretary or Rush Chair in your letters on campus to receive points)
- Find an alum on campus and take a picture with them - worth 3 points per alum (send a photo to EVP, Secretary and/or Rush Chair)
